The Importance of DAI Membership

DAI is a voluntary organisation and a registered charity. We rely greatly on the support we get from members to pay our bills. Membership of DAI costs €40 a year and is open to all. Only one membership is needed per family. **Members receive a membership number each year which must be provided when enrolling a child at a DAI Workshop, Summer School or with a DAI listed tutor. Only members of the association may avail of these DAI services. In addition, DAI offers reduced rates for our members on many of our courses and events.**

Membership fees go to cover the costs of running the national association. The national association is a resource for all of the country. It provides:

- An information/support service available through our national office to members, parents, teachers and members of the public.
- Information/support to existing Workshops and to new groups.
- Newsletters, issued at monthly via email, plus other relevant updates (for those who choose to receive email communications).
- Lobbying and negotiation with the Department of Education and Skills which has been carried on for over 40 years. These have resulted in greatly increased awareness and many advances in facilities for students with dyslexia, though we still have a way to go.
- DAI also acts as a service provider offering assessment, specialist tuition, and training.
- Members qualify for reduced rates to DAI events.

Your membership fee helps to ensure that the association will be there whenever you and others need it.
